

## Next Steps

1. *What vocabulary does the children I teach need to know, understand, and use, to be successful in school and beyond?*
2. *How challenging are the reading texts that I expect children to read and understand in my lessons?*
3. *How do we best select what words to teach?*
4. *How do we best teach the words I have selected to teach?*
5. *Are there any barriers or misconceptions related to the words that I have selected to teach?*
6. *What strategies will I deploy to overcome those barriers and to correct misconceptions?*
7. *How do we best foster a culture of reading in my classroom and/or school?*
8. *How do we encourage children to become avid readers beyond the classroom?*
9. *How do we best foster a culture of rich academic talk in my classroom and/or school?*
10. *How will we know whether children in my classroom are successfully growing their vocabulary and that my practice is having a positive impact?*
